

The ARETTE family

Ethically Responsible Tequila.

We're about more than just tequila: we're about people. We believe it's our responsibility to support ethical and sustainable farming practices.

All our tequila is made from 100% estate agave, handcrafted in small batches in one of the oldest distilleries in the town of Tequila by our master's distillers, the Orendain brothers Eduardo & Jaime. We are an independent family runned distillery. Since 1900 we have been caring for our people, culture and land.
